The first part of the paper discusses the importance of the research and the objectives of the study. It then presents a literature review of the existing research on the topic. The next section describes the methodology used in the study, including the data sources and the statistical techniques employed. The results of the study are then presented, followed by a discussion of the findings and their implications. The paper concludes with a summary of the main points and suggestions for future research.

The research was conducted using a quantitative approach, with data collected from a large sample of participants. The results show a significant positive correlation between the variables studied, indicating that the research objectives have been achieved. The findings have important implications for the field and suggest areas for further investigation.

In conclusion, the study has provided valuable insights into the topic and contributes to the existing body of knowledge. The results are robust and reliable, and the methodology used is sound. The paper is well-structured and easy to read, making it a valuable resource for researchers and practitioners alike.

Mr. David Dugh
Mr. D. Norman Stalker
Advisers

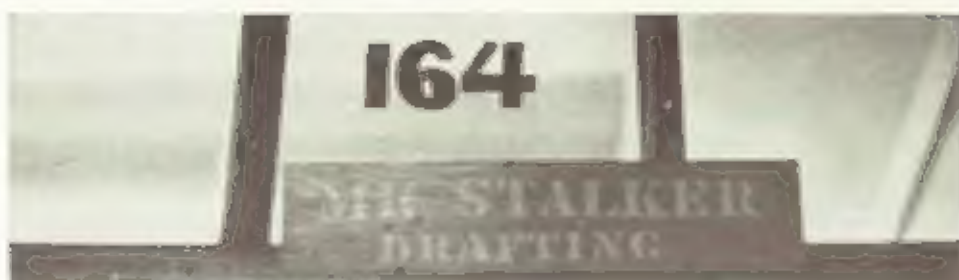

Earliest man sought shelter from the elements and his enemies. He needed protection from the immediate dangers that threatened his survival. He constructed an enclosure which served to keep out his enemies, and a roof, to protect him from the unpredictable elements. But this building could do him no good unless he had some way to keep the inside in and the outside out. For this purpose the door was invented.

A door, a movable barrier used to close or open a passage into an enclosure, usually has a lock. The purpose of the lock is to prevent a door from opening, in order to protect what is inside or to keep it concealed; however, a lock can be useful only when you have a key. The key to a door's lock is most important to a person seeking the contents of the room or the passageway beyond the barrier. But sometimes a door and a key must be used symbolically to open the way to intangible things.

There are many people here at DeVilbiss who help to open the doors to learning and opportunity. For each new yearbook staff, the man with the keys is D. Norman Stalker, who has advised the Pot O' Gold since its beginning. For his contributions as a journalism adviser, Mr. Stalker was awarded the Gold Key, its honorary token, by the Columbia Scholastic Press Association. This Gold Key is sym-

bolic of his abilities, as he is an example of those who are willing to unlock the door for others.

We use the door as our theme symbol because so much can be found beyond the threshold of a door. When we pass through the doorways to our homes, we find warmth and love waiting inside. When we open the doors of our cars, we find transportation to places of varied interest and adventure. When we enter our houses of worship, we pass through doors that lead us to sanctuary and spiritual satisfaction. When we open the doors to a school, we find across its threshold a new world of learning.

There are two-hundred fifty-four doors in DeVilbiss High School—you can count them on the floor plan inside the cover. All the classroom doors were taken down and reconditioned this year, that they might do service

for new thousands of students. Other doors, those to the outside, were blocked temporarily as plasterers used their hallways to hold sand and other supplies. Most swung open regularly, sending performers onto the stage, or the basketball team up to another victory, or, every day, Tads in to lunch.

As we seek our education, a type of shelter, we find that there are many challenging doors to pass through. However easy it may be to enter the first small door as freshmen, we find many larger ones on the way; ones which are harder to open, whose keys we must dis-

cover. As we leave the last door as seniors we look back and see those we have opened; we look forward, with anticipation, to the closed ones ahead, for now we possess the secret to help us find the keys.

Students cannot obtain an education by peeking through a keyhole, for the view of knowledge from outside is limited. The keys are there for the taking and will unlock vistas of learning. Beyond the turn of each knob, beyond the first step, across every new threshold, is the education that DeVilbiss offers its students.

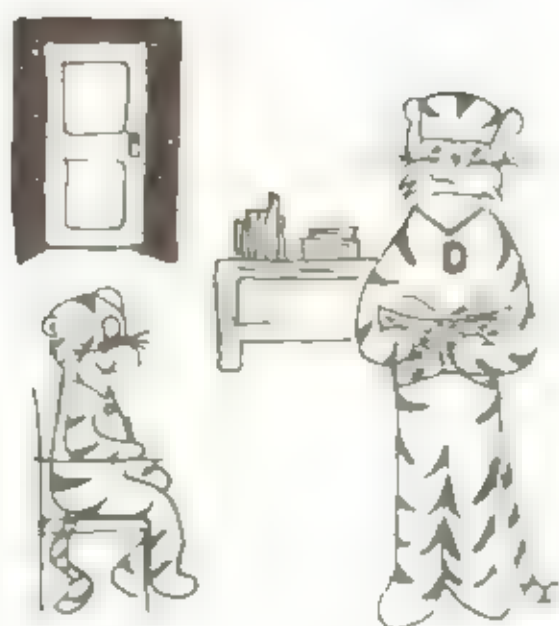

"The doors of wisdom
are never shut."

Benjamin Franklin

Administration and Faculty

MR. PHILO C. DUNSMORE
Superintendent Toledo Public Schools

A locked door can be opened by only a key; this key must be unique, for each door is different. The key to the door of learning at DeVilbiss High School is held by the administrative leaders and faculty. These people, with their experience and knowledge, give us the incentive and foster our ability to pass through this important portal in our lives.

A future chemist or engineer may be prepared for his role by the science and mathematics departments. A career or a hobby in music may be encouraged by participation in the band, orchestra, or chorus.

If DeVilbiss has given its students the proper keys, they can open these doors, and others.

Mr. C. P. DeArcey, Principal, with students and faculty.

I am especially grateful to you for your generous contribution to the DeArcey High School fund.

During the past few years we have attempted to provide a sound general education for our students. However, we have not been able to do this because of the lack of funds. Not all of you, of course, have taken the advantage of this opportunity. However, many of you have contributed to the fund of your own free will. At least the number of contributions for this year.

I wish to tell of your success in the past year. If we can be of any assistance to you in the future, please let us know.

1. *Chlorophyll a* and *Chlorophyll b* were determined using a spectrophotometer (Shimadzu UV-1601) at 663 nm and 646 nm, respectively. The concentration of chlorophyll was calculated using the following formula: $\text{Chlorophyll } a = 11.85 \times \text{OD}_{663} - 1.81 \times \text{OD}_{646}$ and $\text{Chlorophyll } b = 21.5 \times \text{OD}_{646} - 5.1 \times \text{OD}_{663}$ (Arar and Munk, 1985). The total chlorophyll concentration was calculated as the sum of chlorophyll *a* and chlorophyll *b*.

STUDENT COUNCIL

STUDENT COUNCIL

The Student Council is a group of students who are elected to represent the student body. They are responsible for planning and organizing school activities, as well as representing the students in meetings with school officials. The Student Council is a vital part of the school community and works to improve the quality of the school experience for all students.

The Student Council is made up of students from all grades and backgrounds. They work together to make decisions about school activities and to represent the interests of the entire student body.

main objective, the commissioners and their commission members have also pursued their respective jobs. Under the guidance of the Social Service commission, which is responsible for the exchange student project, the Council held the first Inter-club Carnival. Some of the proceeds from the magazine drive went to the fund, as well as earnings from weekly "brownie" sales.

The DeVilbiss Student Council has actively

participated in Toledo Area Student Council activities. The Publicity commission was in charge of publicity for the TASC Dance, while the Finance commission handled the Queen's tea. DeVilbiss's support for this dance was demonstrated by our selling the most bids. Also,

TADS supported the Area Hootenanny with more students in attendance than from any other school.

ORCHESTRA

Mr. Jack Perrine's second year with the De
 Vilbiss orchestra has consisted mainly of a re-
 organization effort. The orchestra participated
 in varied activities aside from this main goal. In
 October the orchestra's strings entertained at a
 meeting of the Band-Orchestra Parents' Club. At
 a matinee for the student body in March, the full
 band and orchestra gave a preview of their an-
 nual Spring Concert. Members of the orchestra
 have entered competition at various contests.
 Some went to Bryan, Ohio, and participated in
 the regional orchestra composed of the best
 instrumentalists in the Ohio district #1. From
 these participants, some made the even more
 select All State Orchestra which was assembled
 in Dayton. The final event of the year was the
 concert with the band at the closing
 of the PTA in May.

A black and white portrait of a man, likely a historical figure, seated at a desk. He is wearing a dark suit jacket, a white shirt, and a dark bow tie. His hands are clasped together on the desk in front of him. The background is slightly blurred, showing what appears to be a window or a wall with a panel. The overall tone is formal and professional.

THE PRISM — BREAKS SCHOOL LIFE INTO COLORFUL NEWS

The Prism, besides keeping its usual high quality, has added many new features this year. Its staff members have encouraged "Letters to the Editor", and the response from the student body showed interest and concern. They have revived the "Prismatics" feature, which tells not-often-heard incidents about school.

Last year a college column was used, telling about the universities themselves; this year **The Prism** staff has told about the representatives who come to give Tads information about their schools. Another "first" was a female sports

editor. Even though there are no permanent positions on the literary staff, it was found that girls are just as good as boys, even at sports writing.

When stories of importance have arisen after the current issue has gone to press, the staff tries to meet these emergencies to give its reading public all the up-to-date news of DeVilbiss. Tads are not the only ones who recognize the excellence of our newspaper. At the March Conference of the Columbia Scholastic Press Association, **The Prism** received a first-place rating.

DEVILTRIES Presents

"THE X-13 CAPER (or THINK FINK)"

Once again, the student run and student-produced DeViltres succeeded in creating another fine presentation. This year's DeViltres "The X-13 Caper (or Think Fink)", was the result of the combined efforts of hundreds of spirited students.

The setting for the show was a small tourist town in Mexico. This setting proved to be the focal point for complications which were to develop into one of the most bizarre stories in the annals of international espionage. It all started when an American tourist, Alfred Fink, unknowingly came into possession of secret documents which were

vital to our national defense. This Fink soon was sought after by the intelligence agencies of the well known "good guys and bad guys". On the one side was the distinguished and scholarly Horace Rudolph with his prankish sidekick "Buggy", and opposing them was the threesome of Gaspard, Irving, and Pedro Perplotchik.

These two forces met face to face on numerous occasions. One of these clashes developed into a pie throwing brawl which led to their eventual confinement in the local calaboose.

As the show draws to a close, some of the principal characters are disposed of, and the documents are left in the hands of Fink and Buggy. These two prove to be victors in the end, and they go back to their homeland with the secret documents.

PERICLEANS

The Periclean Literary Society, named for the Greek patriot Pericles, established in 1901 at Old Central High School. An annual picnic at Ottawa Park, attendance at various plays at the Doermann Theatre, and entertainment for the orphans at St. Anthony's Villa and the Miami Children's Home are a few of their activities this year. As a group, the Peries attended the performance given by Peter, Paul and Mary at the Sports Arena.

JUNIOR CLASSICAL LEAGUE

The J.C.L. was organized in 1960 for interested Latin students who maintain a "B" average in Latin. Their main project of the year is the Roman Banquet headed by Mrs. Boerner, Mrs. Berger, and Mrs. Selter, their adviser. The participants dress in true Roman style, dine in an authentic atmosphere, sing Latin songs, and are entertained by their fellow Latin students. A Halloween party, Saturnalia, the Roman Christmas celebration; and an annual May picnic complete this year's projects.

EQUESTRIENNES

The members of Equestriennes hold equitation classes twice a month at Douglas Meadows riding stables. On May 31 the club entered the annual horse show there. For their service projects, they adopted two boys at Miami Children's Home and an underprivileged family of thirteen members.

SHARPS AND FLATS

Sharps and Flats was organized in 1968 to promote interest in music of all kinds. Throughout the year the members have provided entertainment at the Old Folks Home and The Miami Children's Home. They also perform at their meetings, as in the pictures below.

DEBUTANTES

Formed in 1954, Debutantes strives to join girls in social friendship, for every appreciation. This year the girls collected old gym shoes and donated them to needy children, gave a record hop for a DeVilbiss basketball game, and made banners and victory tags for many of our games. Participating in the Interclub Carnival and donating a Thanksgiving basket to a deserving family completed their projects for the year. Social activities include a holiday and roast, and an invitation to a party given by the new members.

OMENA AURA

"Nothing is greater than friendship" is the motto of Omena Aura Social Service Club, organized in 1959. The fifty-three girls try to achieve sisterhood by working together for the school and the community. In order to raise money for their numerous activities, the OA's hold record hops, bake sales, candy sales, and car washes. This year, the social activities for OA have included an annual open dance, a turnabout, and a private dance. Two of their service projects were decorating the stadium for homecoming and making support tags for sports events.

SISCO

The "sisters in co-operation" were organized in 1949 for the purpose of serving others. The forty-six Sisco girls meet twice a month, either at school or in the members' homes. Their one big social project of the year is the Christmas dance held this year at the Continental Inn. This year Sisco has conducted such service projects as donating toys and gifts to orphanages, cleaning the trophy cases once a month, and sending out Christmas cards to charitable organizations. To earn money, Sisco has held numerous bake sales, washes, and record hops.

FUTURE TEACHERS

Future Teachers, organized in 1947, acquaints young people with the teaching profession and aids in preparing them for their future careers. Their main activity is participation in the Metropolitan Future Teachers, composed of twenty area schools. During the year they collected soap, toothpaste, magazines and jewelry for the State Hospital patients.

FUTURE NURSES

This year the members of Future Nurses have prepared themselves for their future careers by working at the State Hospital, enrolling in various Toledo Hospital nursing courses, and acting as volunteers and nurses' aids. At school, some work in the nurse's office, others are enrolled in the home nursing class, and many display bulletin boards and show films in connection with nursing.

At their meetings, the Gavel members give both prepared and extemporaneous speeches. The speeches are evaluated and any mistakes are corrected. Members follow textbooks with twelve speeches, each speech stressing a different point, such as hand motions, voice control, and construction of speech.

ROCKET SOCIETY

The Rocket Society's main project of the year was the construction of a one-stage, or one-motor, rocket. It is composed of steel tubing and runs on solid fuel, which consists of zinc and sulphur, as opposed to liquid fuel, which is used by the United States' rockets. First, the rocket was static tested, or fired on the ground, to predict its actions in flight; then it will be live tested, or fired into the air.

FOOTBALL 1963

The Tiger football team met west-side rival Start in its first competition of 1963, at the premiere. Two quarters of action left the scoreboard without a winner. In the Steubenville game, Bob Wert ran 69 yards with a pass from center for DeVilbiss's first touchdown of the season. The Bengals opened play in the expanded City League by battling Libbey. This was the first time in school history this traditional game had not been played on Thanksgiving Day. Charles MacHalla blocked a punt and Ron Adams recovered for the score. After losses to Rogers and St. Francis, DeVilbiss, paced by John Ulmer's scoring punch, made its early lead over Central stand up with strong defense.

The team kept up this momentum with a decisive win over Macomber, and lost by only two points to eventual city-champion Waite. Fifth ranked in the state, Roger Bacon halted the Bengal success at Cincinnati, but DeVilbiss came back to inaugurate its rivalry with Bowsher by routing the Rebels. Jim Holtcamp led the charge with two long gaining scores. Henry Coombs and Jim Rutledge

were named co-captains for the year by their teammates before the Woodward game, in which Joe Cothorn made the lone Tiger tally.

Although DeVilbiss' 3-4 City League record was good for only fourth place, the young Tigers accomplished this with just one returning letterman from 1962. Next fall's varsity will have twenty seniors who have won their stripes this season, and a team which learned to fight early will be ready for a championship.

Jay Rubenstein received top honors for DeVilbiss through his appointment to the number-one all-city squad. Co-captain Jim Rutledge and Curt Ragland were chosen to represent DeVilbiss on the second team.

This year, because of violence during or after several night games, a city-wide ban on night football was imposed. There were no disturbances at Page Stadium this season, and although the introduction of Saturday football disappointed many people, it didn't hinder the good sportsmanship of the team or the spectators.

TRACK 1964

Bob Wear carries the baton for his fellow matadors and DeVilbiss.

DeVilbiss opened its track season on a high note April 10, soundly defeating Libbey, 87-31. Leading the thrudlads in their first meet was three-event winner Bob Wert. Ed Benner finished second to Wert in both hurdles races and won the broad jump. Other individual victors were Jim Moan, Jim Hannekin, Dale Whitmore, Roger Browning, Joe Cothorn and Jeff Kuhlman.

The cross-country team finished the fall running season with a 4-2 league record. Jim Hannekin and Bob Wear posted the lowest times, 10:22 and 10:21, respectively. Bob DeMuth's 85 led the golf team to a 15-11 victory over Sylvania in its first match, April 8. The linksmen followed this with a 160 $\frac{1}{2}$ -70 $\frac{1}{2}$ win against Clay, with Rick Lehman medalist. The 1963 city champions thus began the new season ready to defend their title.

WRESTLING

Upon completion of the wrestling season, the grapplers, with third place in city-league bouts, continued on to score victories in tournament action. In the Worthington Tourney the team's six wins and five losses were good for fourth place. DeVilbiss finished eighth in the District Tournament at Waco.

Among the top contenders of the wrestling team was Ron Guzman (103 pound class) with an 8-2-1 record, including one pin. Bill Keesev,

with one pin, held a 6-3-1 record. At 120 pounds, Jim Zollinger scored 3-3-1, while co-captain Bill Kinney (138) ended with a 5-5 mark. With one pin to his credit, Rick Kinney (138) had a 2-7-2 count. Leading the team with five pins, co-captain John Boggs (165) recorded 8-1-1. Next in line with three pins, Jeff Kuhman (175) had an 8-5 record. Heavyweight Jay Rubenstein had one pin and a 4-7 season.

BASEBALL 1963

Closing its 1963 baseball season with a twenty-win and five loss record, DeVilbiss went on to win the Sectional Baseball Championship and also become runners-up to Lima Senior in the District Championship playoffs.

Two All Ohio players helped DeVilbiss to its successes: 1963 graduates Jim Detwiler, catcher, who batted .650 and stole 29 bases; and Ron Jackson, second base, .450 with 15 stolen bases. Paul Kimmelman pitched a no-hitter in the final game of the sectional tournament.

Geoff Zahn paced the lettermen returning for 1964 with three no-hitters. Outfielder Terry Burns batted .881 over the season. First baseman Dave McClellan, third baseman Dale Murphy, and outfielder Mike Eastop also bolster the Tigers of 1964, who began play in April with hopes for another excellent season.

You Can't Go Wrong...

Nobody should ever consider his education complete. You can't go wrong by getting as much schooling as possible. So strongly does Toledo Edison feel about this that we finance three scholarships a year at the University of Toledo.

Lots of college graduates find Toledo Edison a good place to work. Investor-owned electric companies offer interesting careers in many fields. You might want to look into this.

it still stands...

**Libbey's
famous
"Safedge"
Guarantee**

...first made in 1924

In 1924 Libbey—a division of Owens-Illinois—perfected a unique fire process for safeguarding the rims of fine glassware.

They called this glassware "Safedge"—and to prove the process was as good as claimed they backed it with the most dramatic guarantee in glass history.

"If any Safedge glass becomes chipped on the rim, from any cause whatsoever, it will be replaced free of cost." This offer, of course, still stands.

Today, Libbey Everyday Crystal with the famous "Safedge" guarantee graces even the finest tables, yet sells at low prices.

THE QUALITY MARK
TO LOOK FOR

LIBBEY-OWENS-FORD

a Great Name in Glass

TOLEDO 2, OHIO

Wherever you live, work, shop or travel, you'll find L-O-F Glass making it more enjoyable. In homes, motels, schools and stores. In offices and factories. In hospitals and churches. In cars, buses, trains and planes.

There's an L-O-F Glass that insulates windows. It's called *Thermopane*® insulating glass. Another subdues sun heat and glare. L-O-F Glass that makes automobiles safer. L-O-F Glass to do a thousand things.

And when anyone needs glass, there's an authority on it nearby—your local independent L-O-F Glass Distributor or Dealer. His name is in the telephone book Yellow Pages under "Glass". Call him

Have you noticed schools like this on your travels? Probably, because new buildings are springing up everywhere. They are beautiful and functional structures with large glass areas to create an "open-world" atmosphere to eliminate the feeling of being boxed in.

Laboratories, shops and studyrooms are separated from twin classroom buildings by a broad central court. Ithaca Senior High School, Ithaca, N.Y. Architects: Perkins & Will, White Plains, N.Y.

I have been thinking about you a lot lately, and I hope you are well. I am still working hard, but I am taking a short break to spend some time with my family. I will be back in the office soon. I am looking forward to hearing from you again.
